The Sixth international scientific and practical conference

«Contribution of transport to the national economic security
development»

April 8th, 2021

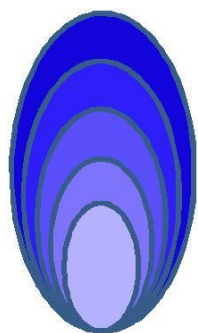

Information letter

Dear colleagues!

We would like to invite you to participate and make a report on the Sixth international scientific and practical conference “Contribution of transport to the national economic security development”, which takes place in Moscow on April 8th at RUT-MIIT on the “Finance and credit” chair.

We would like to invite scientists, academic specialists, academic staff, and delegates of the real economy, public officials and executives.

The conference contains following directions:

Impact analysis of the current condition of railway sector on the national economic security;
Security issues under modern conditions;
Economic problems of the railway sector's development in the volatile financial environment and competition;
Financial aspects in economic security;
Conceptual and practical aspects of rising the economic security in business and national levels in the age of globalization

Language: Russian, English

On the results of the conference the collection of the studies would be published (with ISBN)
