

## Guide for applicants to the Studienkolleg

### 1. General information

A higher education entrance qualification is always a prerequisite for admission to a degree programme at a German university. In the case of higher education entrance qualifications obtained abroad, it should be noted that not all foreign qualifications are recognised as equivalent to the German Abitur or Fachabitur.

Therefore, please check in advance of your application whether your foreign higher education entrance qualification is equivalent to the German one. You can find information on the DAAD website or in the database (<https://anabin.kmk.org/anabin.html>).

The final check as to whether you can take up a Bachelor's degree programme at Technical University of Applied Sciences Augsburg with your qualification is carried out via uni-assist (<https://www.uni-assist.de/>). You can have the so-called **preliminary examination documentation** carried out throughout the year. Please send the required documents to:

Technische Hochschule Augsburg  
c/o uni-assist. e. V.  
D-11507 Berlin  
[service@uni-assist.de](mailto:service@uni-assist.de)

It is recommended that you apply for the preliminary examination documentation in good time so that you can then apply for a place at a university or a place at a *Studienkolleg* with the complete documentation.

### 2. Studienkolleg

If your higher education entrance qualification is not equivalent to a German qualification, you have the option of attending a preparatory course. The Studienkolleg prepares you for academic studies at a university in a two-semester course. It concludes with an assessment test, with which you can be admitted to study at a university of applied sciences. The Studienkolleg at Coburg University of Applied Sciences is responsible for Bavarian universities.

Studienkolleg bei den Hochschulen der angewandten Wissenschaften des Freistaates Bayern  
Friedrich-Streib-Straße 2  
D-96450 Coburg  
[studienkolleg@hs-coburg.de](mailto:studienkolleg@hs-coburg.de)

**Attention!** You cannot apply for a study place at the Studienkolleg. You can only apply for a place at Technical University of Applied Sciences Augsburg via the HIS online application portal.

In order to register for the Studienkolleg, you will need a **letter from the Bavarian University of Applied Sciences recognising your foreign educational qualifications.**

You will receive this notification after submitting your preliminary examination documentation to the Technical University of Applied Sciences Augsburg via the HIS online application portal. You will receive the notification throughout the year. You are NOT bound by any application deadlines in this regard. The only requirement is the submission of the preliminary examination documentation from which the referral to the Studienkolleg results.

### **3. Application to the Studienkolleg Coburg**

The Studienkolleg starts on **1 October in the winter semester** and on **15 March in the summer semester.**

Please contact the Studienkolleg Coburg directly at <https://studienkolleg-coburg.de/> for information on the individual application and entrance examination dates.

Please note that admission to the Studienkolleg is dependent on passing an entrance examination. You should therefore find out in good time about the dates relevant to you. The entrance examination for the summer semester generally takes place at the end of January/beginning of February and for the winter semester at the end of July/beginning of August.
