Welcome to
THA_connect
Securing international
talent for your future

THA_connect is an initiative of the Technical University of Applied Sciences Augsburg, funded by the **German Academic Exchange Service (DAAD)** in the **FIT program – Promoting International Talents for Integration into Studies and the Labor Market**.

We connect you with international talent, enable practical collaboration, and support you in securing skilled workers.

Why this is interesting for your company

Targeted support at the crucial transitions

1. Integration of international students

Targeted support for a successful start to your studies and everyday life.

2. Employability and language skills

Practical projects and language training improve job prospects.

3. Transition into the German labor market

Practical experience provides optimal preparation for employer requirements.

4. Securing skilled workers regionally

Cooperation with companies strengthens the local talent pool.

Objectives of the project

1. Ensuring academic success for international talents

We provide targeted support to international students to successfully complete their studies – thus empowering your future professionals during their training.

2. Preparing international talents for career entry

Through practical programs, application training, and language support, we prepare students for the German job market—and for your requirements.

3. Actively shape transitions

We support the transition from study to career – and create structures that facilitate entry into your company.

4. Build sustainable networks

Through close collaboration with companies, alumni and institutions, a strong network is created – for joint projects, recruiting young talent and long-term cooperation.

Offers & participation opportunities for companies
